WHAT DOES THE TOTAL SUCCESS RATE OF THIS SYSTEM LOOK LIKE?

READ THIS TO FIND OUT...

Right as the world was first going into lockdown, we were BLOWN AWAY by our students' success. We had just received an official letter from ClickBank saying our students had generated over \$26 Million in the previous 12 months.

And the crazy part is? That's not even ALL of our students...because it turns out we were missing a few of their user info! So the real number was actually even higher than that.

And now, thanks to all the new and returning students using this system...

...our NEW total is over \$108,098,077 generated by students!

That's over a 4X increase from before...and when you see the **AI upgrades** we've made to our technology...it actually makes perfect sense why!

And as you'll see in the case studies below, the students who generated that \$108 Million together are just like you! They started with ZERO experience, tech skills, or connections...and many of them even had demanding day jobs when they first got started.

All thanks to a little-known website called ClickBank...which actually has awarded **over 153 of my students** their coveted Platinum Award for generating AT LEAST \$250,000 a year!

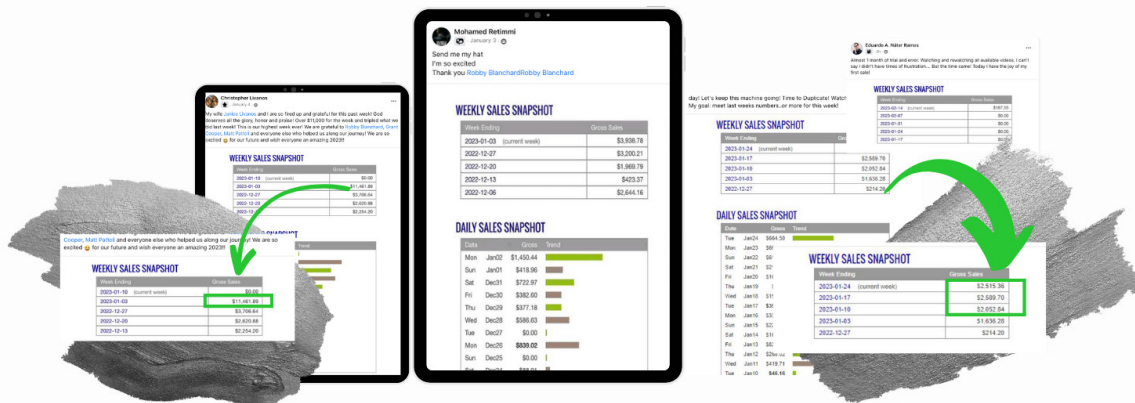

And in this brand new playbook...I'll show you exactly how they did it.

INTRODUCING: THE “ONE-TWO PUNCH” OF AFFILIATE MARKETING

The ONE System That Has Created More Platinum Award Winners Than Anything Else Online

What does “freedom” mean to you?

After all, that’s what we’re all looking for right?

Maybe for you it means having time and location freedom – so you can set your own hours and work from anywhere (including a bright sandy beach).

Maybe for you it means freeing up time and mental energy to be there for your friends and family.

Maybe it means being free from worry – over debt, bills, or the supposedly “bad” economy we’re living in right now. (FYI, our students would probably say it’s a GOOD economy...for them!)

But here’s the irony: so many of us get caught up in business models that TAKE AWAY our freedom!

For example...

- Amazon businesses that create constant headaches due to Amazon’s confusing and frustrating policies...not to mention all the recent chaos with shipping!
- Drop shipping businesses that leave you with tiny profit margins and zero quality control...which means you get paid peanuts to put out fires all day.
- Shopify stores that leave you competing with insanely polished brands all over the world...so that it’s basically impossible for the “Average Joe” to carve out a profit!

\$250K PLATINUM PLAYBOOK

All the usual roadblocks that leave us feeling frustrated, burnt out, and most of all BROKE!

If you've tried and failed with any of those business models, you're going to LOVE this!

A few years ago, I famously "cracked the code" to making money online without needing your own website, product, or email list...

...and also without having to deal with Amazon, drop shipping, or Shopify stores...

...and it was great!

All the sudden, normal people could add up to \$1,000 a day in extra income while only working 1-2 hours a day.

It Was So Powerful Because It Took All These Complicated Models And Simplified It Down Into 3 Steps

STEP 1

Partner with a profitable product owner.

STEP 2

Drive traffic to the product as an affiliate.

STEP 3

Get sales & get paid a commission on each one!

And for the longest time...I did pretty good with just ONE traffic source.

Facebook.

Now the funny thing about Facebook is that I've seen it go through ALL kinds of phases.

I remember when everyone and their grandma LOVED Facebook as a way to connect with friends and family.

Then I watched everyone turn on Facebook and say they HATED it for everything from censorship to "corrupting young people".

And on the money-making side...same thing.

I've watched online marketers say "Facebook is DEAD" more times than I can count.

\$250K PLATINUM PLAYBOOK

Still...I've been profitable on Facebook for every single year since 2015.

FACT #1: Facebook is where I got my first \$1,000 day.

FACT #2: Facebook is where I first became the #1 ClickBank Affiliate.

FACT #3: Facebook is where I generated most of the \$5 Million in sales needed to win the ClickBank Diamond Award...for the last 3 years in a row.

I say all this not to brag, but to prove Facebook WORKS and it's here to stay.

However...

There's another popular app – like Facebook – that you probably have on your phone right now.

And depending on your age, personality, etc. you may use this app even MORE than Facebook.

Ordinary people love it because it has...pretty much everything you could ever hope to find.

Marketers like me love it because it has more than 2.6 BILLION active users as of 2023...and many of them are BUYERS!

So even though I'll always have a soft spot for Facebook...I decided to give this other app a whirl.

Oh, and in case you didn't guess yet...

I'm talking about...

YouTube.

And as soon as I jumped in, I realized that YouTube is NOT like Facebook...at least not on the surface.

What works on Facebook doesn't necessarily work on YouTube...and vice versa.

So after pouring countless hours and quite a bit of my own money into researching YouTube...

I discovered EXACTLY how to adapt my "3 step system" to YouTube.

\$250K PLATINUM PLAYBOOK

And now that 3 step system looks like this:

STEP 1

Partner with a profitable product owner.

STEP 2

COMBINE the two most powerful traffic sources on earth as an affiliate.

STEP 3

Get paid MONSTER commissions for delivering more sales than anyone else!

And by the way...affiliate marketing is the only method I know of that can produce life-changing results from pretty much day one.

Because with those products, you can make anywhere from \$100 to \$400 per sale.

Imagine that – getting paid \$400 for just a single sale in just a single day!

Wouldn't that kind of income change your life?

Wouldn't it change your family's life?

Especially since you could get that sale WHILE spending quality time with your family?

Now hang on – it gets even better (BRAND NEW for 2023)...

For BOTH Facebook campaigns and YouTube campaigns...

...we've gone one step further and automated EVERY step of the process to make it even more streamlined for you.

So instead of 1-2 hours of work per day (which is already pretty sweet)...

...it's 10-15 MINUTES of work per day.

How much freedom will you have THEN!?

All thanks to our new suite of tools which allow you to streamline and automate:

- Writing copy
- Creating images
- Warming up profiles
- Testing new ad angles
- Tracking your results
- And so much more...

FINALLY you can clear away ALL the roadblocks that have kept you from finding freedom in the past!

\$250K PLATINUM PLAYBOOK

Of course, all of this will only work when you know how to use it.

So to help you with that, we're going to dive into EVERYTHING in an upcoming Live Workshop so you can start CRUSHING in 2023...

And in this upcoming Workshop, you'll discover:

- ✓ How and where to find the BEST offers that are the easiest to set up and pay the highest commissions.
- ✓ The secret behind students who have gone from \$0 earned online to earning 6 or even 7 figures in 12 months or less.
- ✓ Why YouTube buyers are DIFFERENT than Facebook buyers...and how to attract the maximum number of BOTH.
- ✓ A sneak peek at the new A.I. software I created to make even more commissions in even less time.
- ✓ Why 2023 is shaping up to be EVEN BETTER than 2022 for online businesses...even though 2022 was already a historic high.

MEET JUST A FEW OF THE 14,323 STUDENTS THIS SYSTEM HAS HELPED IN JUST THE LAST FEW

The following results are from students who took action, applied the 3 Steps from the training, and accepted help from their coaches and friends.

These are exceptional results, not typical results. IT IS POSSIBLE to achieve similar results no matter who you are or how much experience you have...It simply requires putting in the work to start making \$1,000 or more per day (like any business).

Stating the obvious, but sometimes the obvious is easy to forget :)

Of course, there's no way we could fit 14,323 case studies into just this one report, so instead we're going to focus on just 5 especially inspiring stories.

So read on to discover what is possible for YOU in 2023 when you apply this brand new 3 step system like these students did!

CASE STUDY #1:

Chad Makes an Extra \$250K
(While Still Serving in Law Enforcement)

Just to prove you CAN use this system even with a demanding day job...meet Chad.

When Chad first started following my “3 Step System”, he was a cop. And actually, he still is a cop...**who also makes over \$250,000 a year on the side!**

(Which means he won the ClickBank Platinum Award...which is reserved for those who generate \$250K or more.)

Now you might be wondering...why does he still work in law enforcement if he’s making so much money from this? The answer comes down to one thing...**Freedom.**

See, most people keep working the same jobs as always because they HAVE TO. It’s not really a choice. If they stop working, they have no other income...which means they can no longer support themselves. That’s part of what drew Chad to this 3 step system initially. He wanted something that would supplement his income...in case he ever wanted to quit his job – or heck, even if he NEEDED to.

After all, law enforcement is dangerous work. You never know when you might suffer an injury that leaves you unable to work.

But once Chad had his first \$1,000 day...something funny happened. He was already making WAY more from this system than he ever did on the job...which meant he COULD quit if he wanted to.

Yet, the more he thought about it, the more he realized he DIDN’T want to. **Sure, he DID scale back his hours so he wouldn’t have to work full-time...**

But to this day, he still serves on the force. Why?

Because he loves serving his community...and this 3-step system gives him the FREEDOM to do that AND make all the money he wants. How great is that?

Sunday Morning Tip!

Slow down and take your time and stop worrying about everyone else, as it's been said a thousand times before...slow is fast.

This student took his time and made sure he understood everything, and never worried about what others were doing.

He followed my direction and made his decisions based on DATA only and not emotion. This is results from his FIRST campaign. I'll be honest, these results aren't typical as we usually do have to do a little testing to get dialed in. However, sometimes you can have campaigns take off right out of the gate.

The way to there is by putting in the work, not rushing through everything, because you're excited to get launched as fast as possible. That's usually when mistakes are made that could have been avoided.

Follow the training to a "T", don't try to reinvent the wheel. Everything you need for success is truly laid out in the training, and theres nothing wrong with going back through it multiple times. I've always said if you put in the work and you don't give up..success is inevitable in my opinion.

I hope this post has been inspirational or motivating to you, and If you would like additional assistance from myself, or any of the other amazing coaches, reach out to the team by clicking here...<https://go.1kday.com/apply-platinum>

CASE STUDY #2:

Kenny Goes from \$1/Day
to \$40K+ Per Week

Just look at Kenny's incredible transformation!

Kenny started his journey as a virtual assistant in the Philippines making less than \$1 a day. As you might imagine, Kenny dreamed of having much more freedom and opportunity...so he turned to the world of online business. Unfortunately, Kenny wound up investing in a lot of programs that over-promised and under-delivered...

...and he **wound up with \$40K in debt** without any change in income to show for it! But still, Kenny refused to give up on his dream...and that's when he came to **this 3 step system** and started using it himself.

And his transformation was **nothing short of a miracle**.

Soon after he started, he had his first \$1,000 week...then his first \$1,000 day.

Then he hit \$40k in a WEEK...and I was so impressed I hired him as another coach in the program!

Now, that level of success is already pretty mind blowing for a guy who started out making \$1/day...

But just after announcing his \$40K week, **Kenny jumped up to \$70K a week!**

Oh, and here's one thing I forgot to mention...

Kenny spent close to 10 YEARS trying to succeed online with other programs before he found my 3-step system.

Which really just goes to show his **persistence and tenacity**...and makes his success now so much sweeter!

And, of course, he got one of those shiny Platinum Awards too!

\$250K PLATINUM PLAYBOOK

Remember, this happened even after Kenny...

- Was undervalued and underpaid at a dead end job
- Went into massive debt
- Jumped from opportunity to opportunity
- Was utterly FAILED by so-called “experts” who took his money and left him empty handed
- Moved across the world to find new opportunities (forgot to mention that – he’s in Canada now!)

And after all those struggles and setbacks...Kenny still WON in the end.

Having the right Key Performance Indicators (KPIs) in place has allowed me to make informed decisions about fb ads strategy and adjust as needed to achieve the best results.

My KPIs for FB ads include CTR (Click-Through Rate), CPC (Cost per Click), and ROAS (Return on Ad Spend). My goal is to maintain a CTR of at least 7%, keep my CPC below \$1, and achieve a minimum ROAS of 1.40.

However, these metrics and goals are specific to my ad performance and may vary for others.

By keeping track of these KPIs, you can make informed decisions on what changes to make to your ads. It's important to remember that success in fb ads takes time, patience, and persistence.

If your current strategy isn't producing desired results, analyze your KPIs, make adjustments, and keep testing until you find the right combination that works for your campaign.

In summary, having clear KPIs and monitoring them regularly is crucial for success in FB ads. Use your KPIs to track progress, make informed decisions, and constantly improve your results.

CASE STUDY #3:

Shashank Does 7 Figures in 6 Months

Shashank is one of my students based in Mumbai, India.

That'll be important in a second...but first let me share his story.

When Shashank first started with this system, he made one of the most common mistakes I see with my students...

He tried to reinvent the wheel.

For example, he went and tried to start an email list.

Even though you DO NOT need an email list for this system, I constantly tell my students NOT to bother with email.

And if it sounds like I'm being harsh about this - it's only because there's an important warning here.

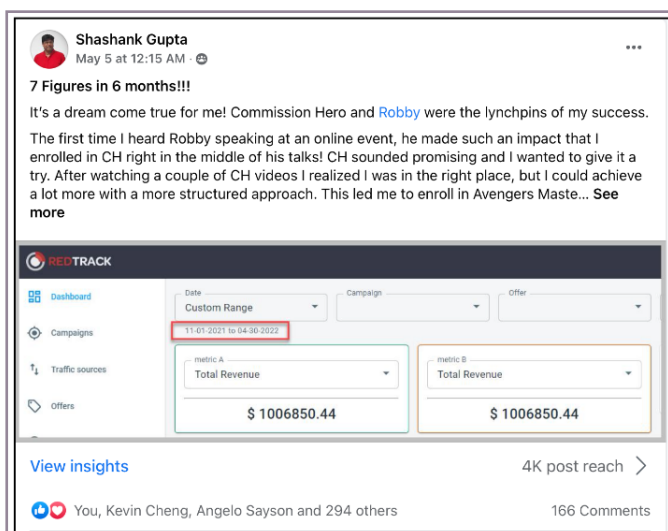

Because even though Shashank's story has a VERY happy ending...

...and even though his income grew INSANELY fast once it started to pick up... He could've had this success sooner if he just trusted the system.

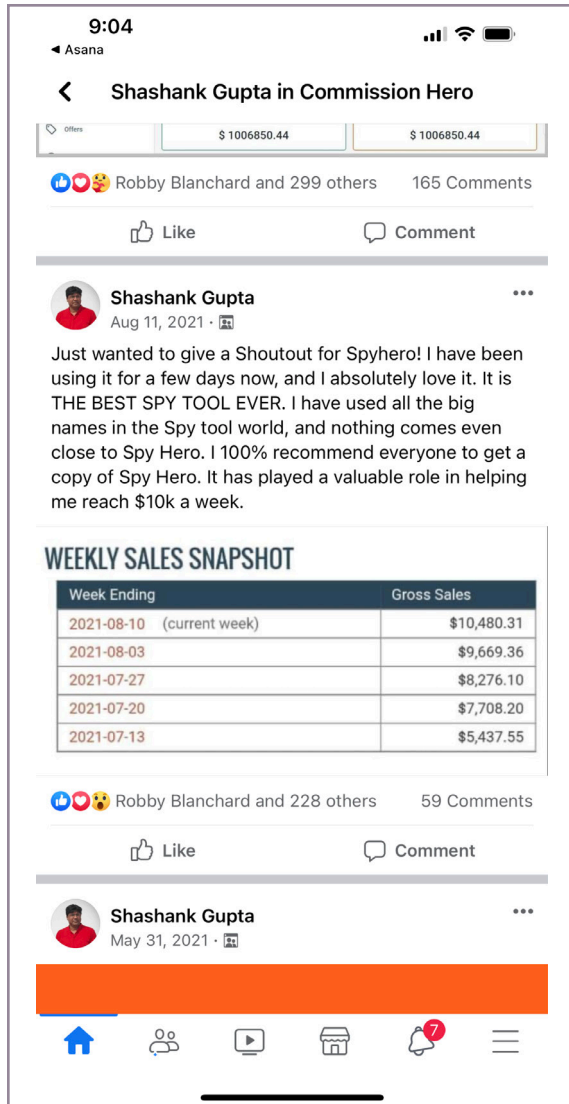

Case in point? Once Shashank started following the system EXACTLY how I teach it...

His income took off like a rocket ship. In fact...

...he did 7 figures in just 6 months!

\$250K PLATINUM PLAYBOOK

And to make it even more impressive... because at the time the exchange rate between the Rupee and USD was about 1:74.

So despite all the hurdles, Shashank STILL created 7 figures of Freedom Income for himself using this system.

And he also blew WAY past the \$250K needed to win a Clickbank Platinum Award!

Speaking of - did I mention that this 3-step system has produced more Platinum Award winners than ANY other program in the world?

It's true...which just goes to show the power of trusting the system.

So if you're the type of person who wants to figure everything out on your own? Well, this may not be for you.

But if you're the type of person who wants a proven path to 6 or even 7 figures online...this 3-step system is made for YOU!

From Laid Off to Earning \$1,000,000+

For 12 years, Greg worked at the same car dealership.

And not only that...he did EVERYTHING for them.

He worked 12 hour days. 60 to 70 hours a week.

He was always flexible and always a team player. Whatever they needed at the time, he would do it – even when it meant learning a whole new set of skills and stepping outside of his comfort zone.

And so, after over a decade of loyal service...Greg got laid off. Like so many people who pour their blood, sweat, and tears into their jobs – Greg got tossed away like a used up shop rag.

So, understandably, Greg decided he was DONE with the traditional 9 to 5. He was sick of being undervalued...and sick of the lack of security knowing he could be laid off at any time.

Lucky for Greg, he actually knew me personally and had seen the success I'd been having with this 3-step system.

So, after wondering about it for years, Greg took the leap and tried it out for himself.

Not too long after, Greg had his first \$1,000 day. But his success didn't stop there...

About one year later, we checked in on him again...

...only to discover he had done OVER \$1 MILLION in sales!

Plus, his incredible success awarded him the ClickBank Platinum Award, which is reserved for the top 1% of earners.

In fact, out of the THOUSANDS of users on ClickBank, he was ranked #22 last time we checked!

When we asked his advice for newcomers, he said:

"My biggest piece of advice is to go through the entire training at least twice before you do anything. Just make sure you fully understand it before you jump in."

From Quitting Her 9-5 to \$500K+ in Commissions

Mariath may be my girlfriend...but she still deserves 100% of the credit.

In fact, Mariath spent YEARS looking over my shoulder as I was first creating my 3-step system.

And even though she was tempted and curious about it all...she always told herself the same excuses NOT to try it herself.

Those excuses were things like...

- "English isn't my first language."
- "I'm too busy."
- "How will I find the time to do this?"
- "I've never done anything like this before."
- "I can't even imagine making that much money."

And so on...

Maybe you can relate?

But then, after years of watching me create my 3-step system and teach it to my students...Mariath finally decided to try it herself.

Are you just getting started? Then here is my advice to you, keep it simple!
There is a great deal of information in the course, here in the group, and even online.
If you feel like you are getting off track. Remember the basics and just keep it simple!
Setup your profile > BM > Fan page
Find a successful fan page to model in Spyhero
Finalize 3 creatives > 1 ad copy > 1 headline > 1 landing page
Launch your campaign
Analyze your data and improve what needs to be improved.
Just using this strategy I have been able to generate 55K+ in revenue so far this year.

She quickly made it to her first \$1,000 day...and then she kept going.

And I mean she REALLY kept going. To the point where just recently, she became the **top 30th affiliate in the WORLD** with over **half a million dollars** paid out in commissions!

Which also means she went WAY past the \$250K required to win her Platinum Award! I share this with you so you know what is possible for you. This is

NOT a system that requires you to be "perfect".

That's the beauty of it! Even when you make mistakes, you just "earn while you learn."

Compare that to a traditional "job" where your boss is breathing down your neck and ready to punish you for the tiniest slip up. And where they can lay you off at a moment's notice. Forget that...

Forget that...

My system is all about creating FREEDOM and giving YOU control over your destiny!

Which is why I urge you to not just read, watch, and listen...but TAKE ACTION on this potentially life-changing info!

And the best way to do that is to join me on the LIVE workshop I mentioned earlier...
